

Hands-On Fluorescence Lifetime Imaging (06-09/Nov/2018)

*With Steffen Ruettinger
Head Support, from PicoQuant*

The Hands-On Event has the objective of training final users of Fluorescence Lifetime Imaging (FLIM). We encourage users to bring their own samples. Registration is requested and no fees involved.

The activities will happen at Photobiophysics Group, Physics Department, FFCLRP/USP Ribeirão Preto-SP.

Schedule

Monday (05/nov/18) :

Cleaning, alignment and system check.

Tuesday (06/nov/18) :

9:00-11:00 – Lectures about Fluorescence Lifetime Imaging and system demonstration;

14:00-17:00 – Experimental demonstration with basic measurement.

Wednesday, Thursday, Friday (07-09/nov/18) :

User training on Microscope and data analysis.

Registration at: <https://goo.gl/forms/WvR17wcqGyBxoWzt1>

Sponsor: FAPESP (2018/02119-9) and PicoQuant
